

The Fundació Bosch i Gimpera was created in 1983 as a knowledge, technology and innovation transfer center of the University of Barcelona (UB). As its own means, it is in charge of innovation, promotion, valorization, transfer of results and management of contracts, agreements and projects of the UB and needs to incorporate:

## **Research assistant/Lab manager**

### **Functions:**

The functions will include conducting in vivo experiments in mouse tumor models and evaluating immune populations after different cancer treatments, purification and titration of viral immunotherapies, ordering, and organization of the lab

### **Profile:**

Research assistant/lab manager to be involved in a collaborative project with a pharmaceutical company. Animal researcher course (functions b and c) is mandatory. A PhD degree is not mandatory but will be valued.

### **Competencies:**

Ideally, the candidate should have experience with mouse tumor models and tissue cultures. Soft skills such as autonomy, team work capacity, and well-organized work will also be valued.

### **We offer:**

- Permanent contract
- Weekly schedule: 37.5
- Gross monthly salary: 2260 Euros

### **Reserve:**

Reserved for personnel with disabilities, in accordance with the provisions of Article 59 of the Legislative RD 5/2015, of October 30, passing the revised text of the Law of the Basic Statute of Public Employee.

### **Equality of opportunities:**

In accordance with the measures set forth in the Fundació Bosch i Gimpera Equality Plan, we incorporate the gender perspective in the selection process to guarantee equal opportunities, neutrality, transparency and avoid prejudice and discrimination based on gender.
