

The Fundació Bosch i Gimpera was created in 1983 as a knowledge, technology and innovation transfer center of the University of Barcelona (UB). As its own means, it is in charge of innovation, promotion, valorization, transfer of results and management of contracts, agreements and projects of the UB and needs to incorporate:

Research Collaborator (PhD)

Functions:

Pharmacokinetic and in vivo efficacy studies of a novel anti-Alzheimer drug candidate

Profile:

Degree and PhD (at least when the contract starts, on 1 september 2024) in Pharmacy or Biology, with experience in animal studies with drug candidates

Competencies:

Experience in in vitro and cell-based assays and in vivo efficacy studies of drug candidates against neurodegenerative diseases; co-authorship of scientific publications and communications to congresses; participation in valorization projects

We offer:

- Permanent contract
- Weekly schedule: 37.5 hours per week
- Gross monthly salary: 2109.86 Euros

Reserve:

Reserved for personnel with disabilities, in accordance with the provisions of Article 59 of the Legislative RD 5/2015, of October 30, passing the revised text of the Law of the Basic Statute of Public Employee.

Equality of opportunities:

In accordance with the measures set forth in the Fundació Bosch i Gimpera Equality Plan, we incorporate the gender perspective in the selection process to guarantee equal opportunities, neutrality, transparency and avoid prejudice and discrimination based on gender.
