

The Fundació Bosch i Gimpera was created in 1983 as a knowledge, technology and innovation transfer center of the University of Barcelona (UB). As its own means, it is in charge of innovation, promotion, valorization, transfer of results and management of contracts, agreements and projects of the UB and needs to incorporate:

Research Assistant

Functions:

The research project aims to develop an innovative approach for the (paleo)magnetic investigation of greek ancient ceramics at submicron-scales. The focus will be on exploring the implications of these investigations on archaeointensity determination. This interdisciplinary project involves collaborations with experts in archaeology, earth science, and materials science, offering a unique opportunity to contribute to cutting-edge research at the intersection of these fields.

Profile:

Looking for a motivated researcher holding a BSc in Chemistry and MSc in Conservation and Restoration of Cultural Heritage with a strong background in archaeology and archaeometry. The candidate must be fluent in English and Greek, hold an European passport and willing to travel between Spain and Greece in the framework of the research project.

Competencies:

Hands on training on the basic operation of TEM.

Hands on experience on XRF data acquisition and analysis.

An understanding of Material Sciences with a special focus on Archaeological Materials.

We offer:

- Permanent contract
- Weekly schedule: 37.5
- Gross monthly salary: 1468.75 Euros

Reserve:

Reserved for personnel with disabilities, in accordance with the provisions of Article 59 of the Legislative RD 5/2015, of October 30, passing the revised text of the Law of the Basic Statute of Public Employee.

Equality of opportunities:

In accordance with the measures set forth in the Fundació Bosch i Gimpera Equality Plan, we incorporate the gender perspective in the selection process to guarantee equal opportunities, neutrality, transparency and avoid prejudice and discrimination based on gender.
